

## Contact Lens Patients

### **New Contact Lens Patients**

- The evaluation fee is \$100 and includes:
  - Trial contact lenses
  - Follow-up visits needed to finalize your prescription
  - A starter cleaning kit
- Many insurance plans do not cover contact lens fittings. Any non-covered fees are due at the time of service.

### **Established Contact Lens Patients**

- A yearly contact lens evaluation is required to renew your prescription.
- The evaluation fee is \$60 and includes updates to your contact lens fit, power, or brand if needed.

### **Important Information for All Contact Lens Patients**

- Contact lens prescriptions expire one year from your final contact lens exam or follow-up visit.
- Any concerns or requested changes must be reported within 30 days of your final follow-up visit. Changes requested after 30 days may require an additional evaluation fee.

Insurance is filed as a courtesy. Patients are responsible for any charges not covered by insurance. Verification of benefits does not guarantee payment by your insurance company.
